### Room B104
**C.1. Biomedicine III**

- 8283 // An evaluation of the impact of a maternal obesity service on pregnancy outcomes
  // Hora Soltani et al.
- 8331 // Is the persistent occiput posterior position influenced by the placenta location?
  // Anna M Falgueras Serrano et al.
- 8677 // The acid-base status: is it necessary after every delivery?
  // Elena Ciarmoli et al.
- 8674 // Nurse midwives and midwives childbirth care training to improve maternal and neonatal indicators in Brazil
  // Rosemeire Sartori Albuquerque et al.

### Room Grande Auditorio
**C.2. Organisational Perspectives VI**

- 8620 // Reasons for transfer during planned homebirth. Are there any differences among primiparous and multiparous women? A case-study in Catalonia
  // Lucia Alcaraz-Vidal et al.
- 8617 // First-time mothers’ health in the year before pregnancy
  // Deirdre Daly et al.
- 8623 // Midwifery Services in Latin America and Caribbean countries: a multisite descriptive study
  // Lorena Biffa
- 8231 // Models of maternity care in Europe for women with no or low risk obstetric factors: Comparison of funding systems, care facilities and health care professionals involved
  // Ramon Escuriet et al.

### Room B203
**C.3. Socio-cultural Perspectives VI**

- 8675 // "What is right": A Socio-cultural Perspective on Homebirth, Moralties and Human Rights in the Czech Republic
  // Ema Hresanova
- 8634 // The normalization of violence in hospital birth and the stigmatization of home birth in Portugal
  // Catarina Barata; Francesca De Luca
- 8373 // Women on the move. Why midwives and pregnant women travel long distances
  // Alena Pařízková; Jette Aaroe Clausen
- 8623 // Midwifery students’ attitudes, knowledge and experience toward conscientious objection
  // Antonella Nespoli et al.
- 8652 // Midwifery students’ reactions to ethical dilemmas encountered in family planning outpatient clinics in Turkey
  // Serap Ejder Apay et al.

### Room B201
**C.4. Organisational Perspectives VII**

- 8324 // Women’s satisfaction with the care received at the maternity ward and at home: a cross-sectional study
  // Katrien Beeckman; Lynn Geerinck
- 8626 // Constructing the ‘naturalness’: models of ‘natural childbirth’ in Russia
  // Ekaterina Borozdina
- 8644 // Caring compromise or compromising care? A qualitative study of the maternity care systems in Germany and the United States
  // Imogen Raye Minton
- 8334 // Beyond statistics: the social, professional, and legal status of out-of-hospital births in Europe
  // Mário JDS Santos et al.
- 8387 // Midwives’ contribution to normal childbirth care: multicenter study in the Public-Health Service of Galicia
  // Maria Dolores Martínez-Romero et al.

### Room C301
**C.5. Neuro-psychosocial Perspectives III**

- 8266 // Concept analysis of humanisation
  // Mary Curtin; Patricia Leahy-Warren
- 8384 // Does infants’ caregiving experiences matter? Children’s behavioral and autonomic stress responses to an infant cry
  // Monique Maute; Sonja Perren
- 8622 // Socio-philosophical perspectives of maternal care
  // Stella Villarmea
- 8636 // Mother’s motivations to choose a home birth in Andalusia, Spain
  // Fatima Leon-Larios et al.

### Room C205
**C.6. Dissemination of Acad. Knowledge III**

- 8268 // Effects and reach of Antenatal Group Care In the Netherlands
  // Marlies Rijnders; Matty Crone
- 8270 // Health professional’s perceptions for expectants parent’s learning needs around pregnancy, birth and early life of the infant in Cyprus
  // Elena Hadjiigeorgiou et al.
- 8631 // Evaluation of a training package for midwives with the collaboration of Midwifery Unit Network European partners: Czech Republic, Bulgaria and Italy
  // Laura Batinelli; Lucia Rocca-Denach
- 8242 // Towards user-centered digital childbirth education
  // Marjaana Siivola
- 8663 // Women’s experiences in labour as an indicator of safety: Towards an understanding of the somatic-dynamic experience of labouring women
  // Nancy Stone
Permanent Poster Exhibition

Biomedicine
8274 // Perineal continuous suture effectiveness: Clinical trial protocol // Maria Jesus Gutierrez Martin et al.
8354 // Relation between Epidural Analgesia and severe perineal laceration in childbearing women in Catalonia // Laura Garcia-Lausín et al.
8645 // The influence of birth plan on delivery care among women attended by the Public health System in Brazil // Sibylle Emilie Vogt et al.
8265 // Prospective study of midwifery contribution to normal birth attention // Maria Jesus Gutierrez Martin et al.
8670 // Castor oil for induction of labor. Effectiveness of its use // Ariadna Polo Zamorano et al.
8639 // Consequences of caffeine consumption during pregnancy // Silvia Piqueras Villanueva et al.
8646 // Need for supplementation with vitamin B12 during pregnancy and breastfeeding // Lorena Mera Rodríguez et al.

Biomechanics & Bioengineering
8295 // Efficiency of the modified Sims maternal position in the rotation of persistent occiput posterior position during labor: A randomized clinical trial // Vanessa Bueno-Lopez et al.
8624 // Position - the little known pressure system creating outcomes in birth // Gloria Esegbona
8625 // Wrong leg position during pushing and second stage outcomes: a global public health crisis // Gloria Esegbona

Socio-cultural Perspectives
8281 // Clinicians’ views of factors influencing decision-making for caesarean section: A systematic review and metasynthesis // Sunita Panda et al.
8400 // Promoting sexual and reproductive health in schools: characterization of individual contexts in a sample of Portuguese pregnant adolescents // Paula Saraiva Carvalho et al.
8642 // Birth Plan: the experience of women attended by the Public Health System in Brazil // Sibylle Emilie Vogt et al.
8664 // Dietary Interventions for overweight and obese pregnant women // Reeta Lamminpää et al.
8306 // Myths and believes in postpartum // Maria de Fátima da Silva Vieira Martins
8357 // Structured organisation of postpartum care: benefits for families and midwives // Susanne Grylka-Baeschlin et al.
8630 // Postpartum and suffering: a qualitative research about puerperal depression // Lorena Cronemberger

Organisational Perspectives
8681 // Birth as a professional experience - results from a survey to Portuguese midwives and obstetricians // Dulce Morgado Neves et al.
8286 // Assessing our performance in maternity care // Clara Garcia-Terol et al.
8316 // Does an antenatal educational programme decrease adverse pregnancy outcomes among obese pregnant women in Kurdistan Region of Iraq? // Aveen Hajimam
8337 // The effect of continuity of care on the physical and mental health of mother and child in the postnatal period: a systematic review // D’haenens Florence et al.
Permanent Poster Exhibition

Organisational Perspectives (cont.)
8601 // Having a baby in our hospital // Vanessa Lozano et al.
8615 // Networking of independent midwives in Switzerland // Astrid Krahl et al.
8651 // Providing continuity of care: a year in the life of a caseloading midwife // Karen Hagan
8658 // The role of midwife as a case manager in the placenta accreta // Pablo Rodríguez Coll et al.
8703 // Integrating doula into hospital births: provider perceptions of doulas and doula care // Kira Neel et al.
8267 // Assessing emotional aspects of intrapartum caregiving - development and testing of the Responsiveness in Perinatal Care index // Julia Leinweber et al.
8618 // Experiences of midwives performing antenatal cardiotocography in a Dutch primary care setting: a qualitative study // Marit Van Der Pijl et al.
8648 // Plateaus in childbirth as an element of moving forward - an empiric research about resting periods in labour // Nele Krüger

Neuro-psycho-social Perspectives
8310 // Exploring women’s attitudes on incontinence in pregnancy and the puerperium // Joanna Ghigo
8638 // Risk perception about teratogenic effects of alcohol consumption in pregnant women // Isabel Corrales Gutiérrez; Fatima León Larios
8303 // The role of a specialist bereavement midwife. Pregnancy loss and perinatal death clinical guideline // María D. Cerdan et al.
8650 // Bonding of women and men // Katarína Greškovičová et al.
8284 // Effects of Mental Contrasting with Implementing Intentions (MCII) vs. Standard Pregnancy Care on Childbirth Self-efficacy: study protocol for a RCT // Laura Zisser et al.
8635 // Validation of a Spanish version of the Being a Mother scale (BaM-13) // Anna Riera-Martin et al.
8671 // Improving the care of the primipara // Linda Rilby; Karin Larsson

Dissemination of Academic Knowledge
8318 // Shoulder dystocia simulation-based workshop // Zulema Romero Aguilar et al.
8602 // Perineal injuries // Vinyet Soler et al.
8195 // Evidence on term breech since the 2000 Term Breech Trial // Rixa Freeze
8647 // Implementing a screening programme for perineal repair outcomes the first week postpartum // Sara Kindberg et al.
8305 // The family centered care: the midwives perspectives // Maria de Fátima S. V. Martins
8243 // A pragmatic randomized controlled trial involving women undergoing elective CS: from an idea, to overcoming challenges in its implementation // Aliona Vilinsky-Redmond et al.
8665 // Building trust to childbirth: development and evaluation of a programme // Ana Paula Prata et al.

Other
8234 // Can we predict women’s perception of pain in childbirth? // Sigfridur Inga Karlsdottir
8368 // Quality indicators in a Birth Center in the city of São Paulo, Brazil // Rosemeire Sartori Albuquerque et al.
8603 // Entonox // Leire Diener et al.
